

Designated 30-minute parking spots.

Temporary Closure of Garage C

Starting Friday, Dec. 15, Garage C will temporarily close for parking at Luminis Health Anne Arundel Medical Center (LHAAMC). Garage A, located on Izzo Way, will be used as the alternative parking garage for patients and visitors. We kindly ask that you pay attention to detour signs when traveling near this area of the medical center. We anticipate reopening Garage C by mid-January.

Patient Drop-Off:

We have two patient drop-off locations for laboring patients and support persons during this time: The North Hospital Pavilion drive-up canopy and Garage A.

- **North Hospital Pavilion Drive-Up Canopy:** Park in one of our designated 30-minute parking spots available for laboring patients. Check in at the information desk and proceed to the Labor and Delivery Unit, located on the second floor of the Rebecca M. Clatanoff Pavilion. Wheelchair assistance will be available.
- **Garage A:** Laboring patients parking in Garage A will have a longer distance to travel. Check in at the South Hospital Pavilion Front Desk. An LHAAMC employee will assist you in finding the Labor and Delivery Unit, located on the second floor of the Clatanoff Pavilion. Wheelchair assistance will be available.

This renovation will enhance the safety and security of our medical center for patients and visitors all while enhancing the overall appearance. **Thank you for your patience during construction.**
