

A New Text Alerts System for Patients

Opt in for text notifications today!

Luminis Health's two-way SMS texting platform gives you more control on your healthcare journey, with notifications of appointments, messages from your care team and test results sent right to your phone.

With this service, you can confirm and cancel appointments, and customize which notifications you receive. There are a few easy ways to opt in:

- Text **START** to 47941.
- Speak to a team member who will help you opt in.
- Set your communication preferences in MyChart.

Once opted in, you can easily opt out at any time.

Text messages from Luminis Health will come from the number '47941,' so you'll always recognize them.
