

Outpatient Behavioral Health Clinics at Luminis Health

Luminis Health's outpatient mental health clinics connect patients **ages 4 and up** to counseling and/or medication management with our experienced behavioral health providers.

Our team treats **non-urgent** symptoms either one-on-one or in a group setting—to discuss how the patient is feeling and ways to make it better.

Our services can be a valuable resource for anyone experiencing:

- A long-term mental health condition
- Anxiety
- Depression
- Interpersonal issues
- Life challenges
- Desire to initiate medication for mild to moderate symptoms
- Desire for support in the form of group or individual counseling

Our staff includes psychiatrists, psychiatric nurse practitioners, psychiatric nurses, social workers and counselors. All are specially trained to handle mental health needs. Your trust matters to us. Our mental health care team works together to provide expert and compassionate care.

To refer a patient call one of our locations:

Luminis Health
Doctors Community Medical Center
Behavioral Health Pavilion
8200 Good Luck Road,
Lanham, MD 20706
P: (301) 623-4350

J. Kent McNew
Family Medical Center
175 Harry S. Truman Parkway,
Annapolis, MD 21401
P: (667) 204-7300
